SEASON REPORTS FOR THE MONTH OF OCTOBER 1875.

Kolar District.

Rain.—There has been no change in the weather. The average rain-fall during the month was 2 inches and 60½ cents. Rain is much wanted as tanks and wells are almost dry.

Lands.—Lands assessed at Rs. 670—3—8 were newly taken up for cultivation and no lands were relinquished during the month.

Crops.—Horse-gram and sessamum seeds were sown and same and saje were harvested. The standing crops are withering from want of rain.

Health.—Fever and ague are prevailing. There were 4 cholera cases during the month. The particulars of deaths as compared with the previous month are as follows :—

	September 1875.	October 1875.		September 1875.	October 1875.
From Cholera ..	3	4	„ Accidents and injury	8	20
„ Fever ..	367	289	„ Other diseases	166	197
„ Small-pox ..	1	8			
„ Bowel complaint	28	34	Total...	573	552

The number of births was 558 against 545 in September 1875.

The casualties among cattle were 1,441 against 1,423 in September 1875.

	September 1875.	October 1875.		September 1875.	October 1875.

Prices.—The selling price of food grains is rising.

B. KRISHNAIENGAR,
Dy. Commissioner.

Mysore District.

Rain.—Good heavy showers of rain fell during the month, which were very favorable to the dod-ragi and other standing crops, and brought a supply of water to a number of tanks. The rain-fall registered in Mysore was 5 inches 23 cents, or about the same as in the year previous.

Crops.—The crops though backward are thriving well since the fall of rain. Horse and Bengal-gram and sessamum have been sown.

Waste lands assessed at Rs. 296—15—10 were given out for cultivation during the month under report.

Health.—Although cholera has left the town of Mysore, it still prevails in several Taluks in the District: 305 fatal cases were reported during the month. The mortality from all causes has however fallen from 1,317 cases in September to 995 in October.

Cattle.—Murrain still prevails among cattle in the Mysore, Ashtagram, Periyapatna, Nanjangud, Talkad, and Mandya Taluks. The losses owing to this and other diseases reached 1,583 head, inclusive of 91 carried off by wild beasts.

Prices.—The price of food grains has fallen slightly: 1st sort rice is sold in Mysore at 10, 2nd sort at 11, ragi at 21, horse-gram at 22, green-gram at 13, black-gram at 10 and dal at 9 seers for the rupee.

W. HILL,
Dy. Commissioner.

Hassan District.

Weather.—The season was not characterized by the heavy rains usual in this month of the year. On the contrary, the days were chiefly clear and unusually hot, while the mornings were foggy. The following statement, shewing the rain-fall registered at the District and Taluk Head-Quarters, as compared with that of the corresponding month of last year, will speak for itself.

Manjarabad (Saklespur)		5	15	6	29	Nagamangala	..	2	70	9	50
						Harnhalli	..	2	47½	6	92

Water-Supply.—The supply of water in the large tanks in the District varied from one to five months, and that in the small tanks from half to four months.

Lands.—Additional lands, assessed at Rs. 591—5—11, were taken up for cultivation; while none were resigned.

Crops.—Bengal-gram was sown in the Hassan, Channaraypatna and Narsipur Taluks. Coriander was also sown in the latter taluk, as well as in that of Harnhalli. The paddy and ragi crops in the Malnad are doing well; but the wet and dry standing crops in the Maidan Taluks are only in average condition, owing to a failure of the usual rains.

Market.—The latest quotations in the Alur market are shewn in the following comparative statement, from which it will be seen that the prices of rice and ragi have steadily risen over those of last month; while there has been a fall in the price of horse-gram.

Health.—An Hospital Assistant from Mysore was specially detailed for cholera duty in the Channaraypatna Taluk at the early part of the month, owing to the prevalence of cholera in that Taluk, but it is pleasing to note that during the latter half of the month there was not a single case in the town of Channaraypatna itself, where the disease was, previously, the most virulent. There have, however, been some isolated cases in the Hassan, Narsipur, and Harnhalli Taluks during the month under report. The number of deaths from this cause amounted to 284 against 151 of the preceding month, viz:—

Channaraypatna Taluk	59	Hassan Taluk	5
Attikuppa do	36	Narsipur do	24
Nagamangala do	158	Harnhalli do	2
							284
							Reported last month.. 151
							Total... 435

Colds, fever and dysentery prevailed in the Manjarabad Taluk. There were 731 deaths in all during the month against 718 in the previous month and 462 in the month of October last year, as per following details:—

Cholera (as above noted) 284, fever 288, small-pox 6, bowel complaints 32, other causes 121, Total 731.

Cattle.—Murrain, mouth and foot diseases were prevalent among cattle in all the Taluks save Manjarabad. The loss from all causes amounted to 2,894 against 2,911 in last month or 2,655 in October 1874.

A. SRINIVASAIAENGAR,
For Offg. Dy. Commr.

Shimoga District.

Rain.—Few showers of rain fell in all the Taluks of the District, and the total quantity of rain gauged was 23 inches 94 cents, but it is less than the corresponding month last year.

Crops.—The standing crops are reported to be withering owing to the failure of seasonable rain. The first crop of supari and cardamom are reported to have been harvested in almost all the Malnad Taluks of the District.

Health.—The total number of deaths registered from all causes was 571 or 10 more than the month previous, of which 1 case was by cholera in the Shimoga Town. The number of births reported in the month under reference was 536 against 510 of the month preceding.

Cattle.—The casualties among cattle were 2,277, of which 60 were by wild beasts.

Prices.—Increasing.

C. S. BLAIE,
Offg. Dy. Commr.

Coorg.

Wet-land.—The rice plants have suffered much from want of rain.

Cardamoms.—Picking continues.

Dry-land.—Ragi reaping is nearly completed.

Horse-gram.—Horse-gram is looking well.

Coffee.—Picking has commenced in some localities.

Mortality.—The number of deaths amongst the population of the Province was 312 against 200 in the same month of last year, and is classified as follows:—

Suicide ..	3	Mercara ..	46
Fever ..	251	Padinalk-nad ..	65
Small-pox ..	1	Yedenalk-nad ..	21
Accidents ..	2	Kiggatnad ..	37
